54-105 Energy:Source/Effct
54-106 Science of Sound
54-108 Sci of Light & Color
54-110 Intro Astronomy
54-111 Intro Physics I (4)
54-112 Intro Physics II (4)</p> |
|---|---|

Not eligible for Group C credit

- 50-205 Intro to Nutrition
50-230 Human Sexuality
50-254 Social Implications of Biology
58-180 CAD Engineering Graphics

Undeclared "Exploratory Students"

The General Education Program at Bloomsburg University allows students to explore career possibilities by taking courses that interest them and still fill requirements.

We suggest students take at least 1 or 2 courses in an area of interest. This could help them identify possible career options.

KEYS TO SUCCESS

1. **GO TO CLASS!**
2. **Know professors' names and get them to know yours**
3. **Take responsibility for class assignments**
4. **Seek help when needed and arrange tutoring at the first sign of difficulty**
5. **Explore information on possible career interests**
6. **Know your advisor and meet with him/her frequently**

Although the academic advisor assists the student with decisions throughout the student's academic career,

THE STUDENT is responsible for making decisions regarding personal and educational goals and THE STUDENT is ultimately responsible for satisfying all graduation requirements.

The academic advisor can be of invaluable assistance to the student advisee during the process of defining and evaluating the many goals and options for academic success.

These courses are only representative of the courses available for credit in Groups A, B and C. There are many other choices.

Go to www.bloomu.edu/catalog Click on General Education Requirements

Here is where you begin...

1. General Education	<u>53 credits</u>
2. Required for Major	_____
3. Electives	_____
Total for Bachelor Degree	120 credits

CULTURAL DIVERSITY 6 credits required
(2 courses from 2 departments)
