

# Clear areas around BU Logo

No other text or objects may be placed within the clear area of the university logo. The one exception is shown below.

*Clear areas around BU logo are illustrated with a dashed line. The clear area is about 25% of the graphic's height (top and bottom) and 10% of the graphic's width, left and right. The only text that may be coupled with the logo is the subordinate phrase for the State System, which always appears in a serif italic face sized as shown.*
