Crime rates are based on a total full-time equivalent population of undergraduate students and employees. An example is if the FTE were 10,000 with two crimes in a category, the rate would be .0002 for that category. These statistics are based on a period of time from Jan. 1 to Dec. 31 of each year as required by PA Act 73. Subcategories are a breakdown of some main category offenses and are included in the main category statistics. The symbol — indicates the offense was carried in the main offense category only for that year.

To keep the university community informed of personal safety issues on campus, each year Bloomsburg's safety and security policies, procedures and statistics are published and widely distributed. This is in compliance with the federal Crime Awareness and Campus Security Act of 1990 and Pennsylvania Act 73 of 1988.

Bloomsburg University of Pennsylvania is committed to providing equal educational and employment opportunities for all persons without regard to race, color, religion, sex, age, national origin, ancestry, lifestyle, sexual orientation, disability, Vietnam era veteran status, or union membership.
