Fire Safety Worksheet

Email completed worksheet to deanofstudents@bloomu.edu or you can print the worksheet and submit the document to the Office of the Dean of Students, Student Services Center, 150.

1. Most college fires occur in _____ residences.

2. What is the difference between a confined fire and a non-confined fire? Which is more common of university fires?

3. How often are fire drills required to happen in the residence halls?
 - a. Twice a month
 - b. Once a month
 - c. Twice per semester
 - d. Three times a semester

4. Name 3 examples of items that are not permitted in residence halls for fire safety reasons.

5. Which of these is **NOT** correct about the Student Code of Conduct policies on Safety Violations?
 - a. Tampering with fire safety systems (e.g. smoke detectors)
 - b. Failure to evacuate facilities upon the sounding of an alarm or drill
 - c. Creating any hazardous condition that endangers the health and safety of others (e.g. candles and opening heating elements)
 - d. These are all correct and listed in the Student Code of Conduct

6. The combination of what 3 items helps save lives in residence halls?

7. TRUE/FALSE: The town of Bloomsburg states it is unlawful to set off any false alarms, and/or to occupy premises with disabled smoke or fire detection devices.

8. Alcohol use contributes to an estimated _____% of residential fire deaths.

9. What are 3 tips to promote fire safety in your everyday life?

10. Overall, what have you learned from the Fire Safety presentation? What were some of your reactions to the facts, video, and articles?
