WELCOME TO ON-CAMPUS LIVING!

Welcome first-year and returning students!

Your experience as a member of our residential community will comprise a very important part of your education while here. Your residence hall/apartment will be as much a center for learning as your classroom experience. The Housing & Residence Life staff members are here to help make your on-campus experience a successful one.

Having other students living in close proximity is a new experience for most students. The interpersonal relationships that you will develop in this community will enrich your campus experience and provide you with life-long friendships. Our campus fabric is comprised of students with various backgrounds, beliefs and values, some of which will be very different from yours. Our expectation is that you will listen and learn from others while respecting the differences in others.

Our University takes great pride in a long history of academic excellence, the Office of Housing & Residence Life shares in that pride and works hard to support the University's mission. Part of that excellence is the community standards in our Guide to Campus Living. We expect that you will abide by these standards and guidelines included in this document as well as our Student Code of Conduct.

We wish you the best this year and urge you to get involved with the many opportunities that are offered on campus. The experience you will have is dependent upon you, the choices you make, and what you want to get out of your experience.

Sincerely,

Mark Turnbough
Director, Office of Housing & Residence Life

**DON'T JUST GO

ABANDONED ITEMS

Students are obligated to remove all personal property upon departure. The Office of Housing & Residence Life reserves the right, without further notice, to remove students' personal belongings that remain in a residential facility 48 hours after the termination of the housing agreement for any reason (withdrawal, academic dismissal, housing revocation, etc.). The student will be charged for expenses incurred in the disposal of such property.

ALCOHOL POSSESSION AND CONSUMPTION

- Commonwealth University - Bloomsburg is a dry campus.
- Pennsylvania law states that no one under the age of 21 shall possess, sell, transport, or consume alcoholic beverages.
- The possession or consumption of alcohol is not permitted, regardless of age, in any residential buildings.
- Students are reminded that intoxication does not excuse offensive behavior and that disciplinary action will be taken against offenders.
- Be smart, stay safe, and be ready to take responsibility for your choices.

ALCOHOL CONTAINERS

Empty alcoholic beverage containers constitute an alcohol violation. Alcoholic beverage containers are not permitted as room decorations. If an alcoholic beverage container is found, the container will be disposed of and disciplinary action may result.

ANIMALS

- Only fish, in a 15-gallon tank or less, are permitted in residential facilities.
- Any other animal or pet, including laboratory animals, hamsters, turtles, spiders, aquatic frogs, snakes, etc. are not permitted in residential areas.
- Your housing may be revoked if you are found to have violated this policy.
- Students who live in our residential facilities that require assistance animals may contact University Disability Services for more information.

BICYCLES

Bicycles are not permitted in residential facilities and may not be kept in lounges, stairwells, or halls. Bicycle racks are provided outside, but you must provide your own lock and chain. The University is not responsible for bicycles left on the premises.

CHILDREN/MINORS (UNDER THE AGE OF 18)

The University welcomes and encourages family visits to our campus, however residential housing is not an appropriate venue for individuals under the age of 18. Therefore, anyone under the age of 18 and not currently enrolled at the University are not allowed to spend the night in a residential facility unless it is a sanctioned University event/program. When visiting a residential facility during the day, minor children must be accompanied and supervised by their parent or legal guardian at all times. No babysitting or child care is permitted at any time.

CLOTHING AND FOOTWEAR IN PUBLIC AREAS

For health and safety reasons, clothing and footwear should be worn in all lobbies, lounges, hallways, and public areas.

PUBLIC HEALTH CRISIS

In the event of a public health crisis, our priority will be to keep our residential community healthy. Should an event occur, students may be asked to follow guidelines set forth by the CDC, PA Department of Health, and the PA Department of Education. Students will receive information via their student email should an event arise.

DELIVERIES BY OUTSIDE VENDORS

The Office of Housing & Residence Life is not responsible for any deliveries made by any outside vendor. It is the student's responsibility to set up a time with the vendor for delivery.

DOOR ACCESS

All residential facilities have an electronic door access system. Doors are locked at all times. Students, using their student ID card, will have access to specific doors in their residence hall 24 hours a day. Students are not permitted to allow others to follow them into the residential facility. Anyone who attempts to circumnavigate safety and security of the facility, its residents, or its furnishings will be in violation of University policy.

ENTERING AND EXITING RESIDENTIAL FACILITIES

The intent of this policy is to maintain maximum security in the residence halls and apartments.

- You must enter and exit the residence hall through the main entrance. The exterior-side doors are always alarmed and locked.
- Entry/exit through any window is prohibited.
- Residents should not allow "tailgaters" into the building. Tailgaters are individuals who do not have appropriate access to gain entrance into a building and try to enter behind a resident that does.
- Tampering with any residence hall door to hinder one's entry/exit is strictly prohibited and will result in a bill for any resulting damage, and/or disciplinary action.
- Students are not to enter someone's room without the resident's permission.
- Students in violation of this policy may be referred to the Office of Student Conduct.

DRUGS AND CONTROLLED SUBSTANCES

Federal and state laws prohibit the possession or use of illegal drugs and the misuse of legally prescribed drugs as well as any drug paraphernalia (hookah, bowl, etc). As a federally-funded university, the use, possession, or storage of cannabis (even if prescribed by a health care professional) is prohibited. Any violation will result in disciplinary action as well as being subject to applicable federal, state, and local laws.

EMERGENCY CONTACT INFORMATION

Emergency contact information must be on file with the University. This contains contact information for the persons who would be able to help in an emergency.

EMERGENCY SITUATIONS

In the event of an emergency situation (bomb threat, active shooter, severe weather, etc.) residents will be notified and given directions by University staff/emergency personnel. Please be sure to register for the university emergency notification system. You must follow all directions given and take responsibility for your personal safety.

GENERAL UPKEEP AND CLEANLINESS OF YOUR RESIDENTIAL FACILITY

Students are responsible for the general upkeep and cleanliness of their room, suite, or apartment. It is important that students maintain an environment that is clean and free from excessive trash which can lead to pest or bug control issues. Additionally, it is important that suite/apartment kitchens or bathrooms remain sanitary. Please discuss with roommates a cleaning schedule, how dishes will be washed, and when trash will be taken out. Residents will be given 48 hours to rectify any health or cleanliness concerns. If the issue is not resolved, students will be subject to a student conduct meeting. In the case of severe health or cleanliness concern, students will be held accountable for the cost of remediation or pest control services.

HALLWAYS

Hallways should be kept neat, clean, and clear of objects (i.e. drying racks, umbrellas, shoes, welcome mats, etc.). Our custodial staff need a clear hallway in order to clean, and it is important to provide a pathway free of objects in case of evacuation. There should be no sports/horseplay in any hallway or common area.

LEDGES, ROOFS, AND WINDOWS

- Window screens may not be removed or opened.
- Screens are not safety devices and should never be leaned upon.
- Students are not permitted to hang or lean out of windows.
- For safety reasons, signs, letters, bottles, flags, lights, etc. in windows or on window sills are prohibited.
- Throwing objects and/or substances out of windows as well as yelling or playing music out of windows is prohibited.
- Students are not permitted on any window ledges or roofs.
- A referral to the Office of Student Conduct or loss of campus housing may result for failure to comply with any of the above.

LOCK-OUTS

Keep your University ID with you at all times. It is your responsibility to ensure that you have access to your housing assignment. Should you get locked out, see a Resident Assistant and they will let you in. Staff will need to verify your identity before keying in. Please understand that staff may not always be readily available to assist you with a lock out. A student who requires more than 3 lockouts will be referred to the Assistant Director for a meeting.

NOISE

Quiet Hours are in effect from 9:00 PM to 9:00 AM, Sunday through Thursday. Floors and/or wings may extend these hours, but they may not be shortened. During quiet hours, residents should keep the noise level to the point where it cannot be heard in another student's living space.

Courtesy Hours are in effect at all times. It is important that residents are aware of their responsibility to monitor their noise level, regardless of the time, so as not to interfere with other students' sleeping or study habits. Students are expected to respect the requests of others for quiet, and share in the responsibility for developing and maintaining a positive atmosphere in their residential facility.

24-HOUR QUIET HOURS

During finals week, 24-hour quiet hours are observed to facilitate a studious atmosphere. Students remaining in the halls after their last final exam and alleged to be responsible for causing a disturbance may be required to leave the residential facilities immediately.

It is the University's expectation that:

- The volume of music/TVs/voices/gaming consoles, etc. will be kept at a level that cannot be heard outside the room with the door closed.
- When quiet hours are not in effect, the volume must not deter those students who want/need to study or sleep at any time.
- Consideration of others should be observed at all times. Do not disturb neighbors or other students.
- Use of speakers and musical instruments do not cause a disturbance.
- Those who want louder volume should consider using headphones.
- Speakers may not be placed on or played from windowsills. Speakers should also be appropriate to room size and volume kept at a conversational level of sound.
- Running, jumping, yelling, use of athletic equipment, and any other behaviors that would disrupt the community are prohibited.

If you violate the noise policy, you may be charged with a violation of the Student Code of Conduct, and repeated violations may result in removal of items, a housing reassignment, or loss of campus housing.

OCCUPANCY LIMITS

The Office of Housing & Residence Life reserves the right to limit the number of individuals in a room, suite, apartment based upon official occupancy limits or where the noise level in a room violates either the quiet hours or courtesy hours policy. Each student may only host a maximum of 2 students at any one time in any residential facility.

PERSONAL PROPERTY LIABILITY

The university assumes no legal responsibility for the loss of or damage to personal property due to insufficient or excessive heat, fire, smoke, water, the elements, or action of a third party. We recommend that you carry insurance protection for your belongings and record the serial numbers of your valuable items.

Please visit nssi.com/get-started for more information on insurance through National Student Services, Inc.

POLICY VIOLATION

Students found in violation of residence hall policies, procedures, and guidelines or the Student Code of Conduct will be subject to adjudication through the Office of Student Conduct/Office of Housing & Residence Life. Students are responsible for knowing all policies and procedures found in this Guide to Campus Living as well as the Student Code of Conduct.

POSTING

All fliers, posters, etc. displayed in residential facilities must be approved by the Office of Housing & Residence Life. Any poster not approved, will be removed. All fliers must be 8½" x 11" unless approved by the Office of Housing & Residence Life. Signage related to the promotion of alcohol or an alcohol-related event are not permitted. Signage cannot be posted on any glass surface (windows and doors). Any violation of this policy may result in revoking posting privileges.

Approval can be obtained by sending an email with an attached example of the flier to the Office Housing & Residence Life at sthoused@commonwealthu.edu. Fliers must be dropped off in the Office of Housing & Residence Life located in Elwell Hall. Residence Life staff will hang up and remove approved fliers. Any unapproved signage will be taken down.

PROHIBITED ITEMS

It is difficult to present a comprehensive list of prohibited items. Commons sense is appreciated while packing to come to campus. Please see the "What not to Bring" list on page 6 of this guide.

RESIDENTIAL FACILITY ENTRY POLICY

Commonwealth University - Bloomsburg is committed to the protection of students' right to privacy within the confines of their assigned residence hall rooms or campus apartments. This right to privacy is balanced by a responsibility to protect the health and safety of the University community. The University also has an obligation to protect its property, service functions, and educational mission from damage or disruption caused by violations of University regulations or criminal law. It is within this context that the following guidelines were established:

University staff members shall generally enter a residence hall room or university apartment within the following parameters:

- Under conditions of serious threat to the safety or well-being of persons or property.
- When behavior or activity occurring in a room is disruptive to other residents, and occupants of the room are not present or have not responded to requests to open the door.
- To perform routine maintenance, complete repairs, or to conduct regular room/apartment inspections. Room inspections are generally for assessing compliance with fire safety regulations, damage, health conditions, maintenance needs, and cleanliness. Such inspections are generally announced at least twenty-four hours in advance. Residents need not be present during the room inspection. Maintenance cannot provide advance notice, but will knock and announce themselves prior to entry.
- During building emergencies such as fire alarms or actual fires, tornadoes or electrical or plumbing malfunctions.
- When instructed to by an authorized police officer.
- With the permission of an assigned resident.
- Upon the issuance of an administrative search warrant.

Upon entering a room according to the aforementioned guidelines, staff members may confiscate and document items that constitute violations of law or University rules, regulations, and policies. These items must be in plain, unobstructed view of the staff member or be in their line of sight while handling a possible violation. Police personnel may also be called when appropriate. Confiscated items (e.g., prohibited cooking appliances, candles, etc.) not in violation of local, state, and federal laws may be returned to the owner when appropriate. University staff members will not routinely admit a third party to another person's assigned room or apartment without the consent of an occupant.

State and federal law governs the protocol for entry into and/or search of campus rooms when enforcing criminal statutes. Such entry is normally the responsibility of police personnel.

The issuance of an administrative search warrant is typically based on reasonable cause. Reasonable cause is less than certainty and more than mere suspicion that the search of a particular dwelling will disclose specific evidence. Absent exigent circumstances, administrative searches must have the advance approval of the Associate Vice President of Student Success and Campus Life or their designee. Once approval is received, persons entering a dwelling should announce themselves and their purpose. A lack of response from within the dwelling in a reasonable amount of time may justify the use of a master key to enter the premises. The search for evidence justifies intrusion only into the areas of the dwelling where such items may be found. Violations discovered during this administrative action will be subject to adjudication within the University judicial system.

ADMINISTRATIVE SEARCHES

Commonwealth University - Bloomsburg, as a state institution of higher education, strives to achieve a balance between its right to maintain an orderly, educational environment, and the constitutional right to privacy of its students. Although the Attorney General's Office has recently ruled that, "it is not necessary that a 'search warrant' be used by Residence Life personnel in searching rooms if the object of such search is to enforce university disciplinary rules," the Housing & Residence Life staff at Commonwealth University - Bloomsburg has voluntarily adopted a balance between institutional and individual rights.

Designed in accordance with the Commonwealth University - Bloomsburg Joint Statement on Rights, Freedoms, and Responsibilities of Students, this policy is intended to complement the health, safety, and maintenance inspections and those searches authorized by student invitation or consent.

When the purpose of the search is for enforcement of municipal, state, or federal laws and might result in the arrest of the person(s) involved, a civil search warrant will be obtained from the local district magistrate and served by duly-authorized law enforcement officers. The procedure listed below should be followed:

- All residence hall room searches must be approved by the Associate Vice President of Student Success & Campus Life or his/her designee. Campus Police or other law enforcement agencies must legally obtain a search warrant.
- The room may be searched only if there is "reasonable cause" to believe a student is using his/her room for purposes in violation of federal, state, and local laws or university regulations and/or the health, safety and welfare of occupants or guest of the room/apartment are believed to be in jeopardy. "Reasonable cause" is defined as, "facts and circumstances beyond a mere suspicion" that the room is being used for a purpose contrary to university policies and regulations and/or local, state, or federal law.
- All room searches, other than those searched by Campus Police Department or other law enforcement agencies, will be carried out by the Housing & Residence Life staff. When a member of the Housing & Residence Life staff feels that such "reasonable cause" exists, he/she will complete a search authorization form, specifying the applicant, date, facts, and circumstances constituting "reasonable cause," materials to be seized, and names of two Housing & Residence Life staff members who will conduct the search. This form will be presented to the Associate Vice President of Student Success & Campus Life or his/her designee.
- If the Associate Vice President of Student Success & Campus Life or his/her designee feels such "reasonable cause" does exist, he/she will issue an administrative search warrant form (in duplicate) to be used by two authorized professional Housing & Residence Life staff members who will conduct the search. A professional staff member must be present.
- In conducting the search, the Housing & Residence Life staff members will attempt to have the occupant(s) present.
 - › If present, the occupant(s) should be:
 - » Informed that any materials found may be used in University judicial hearings, a court of law, or both.
 - » Presented a copy of the administrative search warrant.
 - » Given the reason for the search and materials to be seized.
 - » If the occupants are not present, the search may be conducted at a later time.
- Should a search for specified materials uncover other substances indicating illegal activity or violation of campus regulations, they will be seized.
- When a search is completed, the Housing & Residence Life staff member should complete a search inventory form with an explanation of the material seized and ownership specified in detail. This form and all material confiscated should be given to the Associate Vice President of Student Success & Campus Life.

SELF-PROPELLED PERSONAL TRANSPORTATION

Self-balancing scooters, hoverboards, etc. are not permitted in any residential facilities. Use of gasoline motors of any type, including motorcycles, mopeds, etc. are not permitted in student rooms or any residential facility.

SMOKING AND VAPING

In support of a safe and healthy environment for all students, faculty, and staff, the University has designated all buildings as a smoke-free environment. Smoking is not permitted in any residential facility, and is only permitted 25 feet away from the building. Students must utilize designated receptacles for disposal.

Smoking includes, but is not limited to the burning of any type of lighted, pipe, hookahs, cigar, cigarette, electronic device (i.e. vapes) or any other smoking equipment/devices whether filled with tobacco or any other type of substance.

SALES AND SOLICITATION

The sale and solicitation of goods and services is prohibited in all residential facilities unless approved by the Office of Housing & Residence Life. Solicitation is defined as any activity that seeks to contact with residents to collect information, sell items or provide a personal service, or gain support.

Solicitation applies to a wide range of activities that may include:

- Advertising
- Selling
- Petitioning
- Campaigning
- Distributing fliers
- Product promotions
- Organizational recruitment

VISITATION

The visitation guidelines for students living in Commonwealth University - Bloomsburg's residence halls, suites, and apartments have been developed in an effort to balance student privileges with academic demands, the rights of occupants not hosting a guest, and health and safety. It should be noted that visitation is a privilege, not a right. Students violating this privilege or the rights of others may be subject to the loss of some or all visitation privileges up to the loss of campus housing.

A mature attitude is necessary when exercising your freedom and responsibility regarding guests in the residential facilities. Visitation guidelines are in place to provide a measure of safety for the residential communities. Please understand that any system is only as safe as those whom are using it, allow it to be. Safety is a shared responsibility. Your cooperation in escorting your guests and informing visitors of our visitation/escort policies when entering any on-campus residence is expected. Failure to comply with visitation guidelines will result in disciplinary action as outlined in the Student Code of Conduct. A guest is considered anyone that is not assigned to a specific room. Therefore, a guest can be a non-Commonwealth University - Bloomsburg student, family member, Commonwealth University - Bloomsburg student, off-campus student, a resident of another hall or a resident of the same hall.

(continued on next page)

No one under the age of 18 years old are permitted to stay without supervision of a legal guardian, unless it is a recognized university special event, i.e. Siblings Weekend. This would include providing childcare/babysitting.

The following information outlines visitation guidelines:

- Overnight visitors, limited to two per resident, can visit up to two (2) consecutive days, not to exceed six (6) nights in one month.
- Hosts are responsible for the behavior of their guest(s) at all times and are obligated to inform the guest(s) of all University and Housing & Residence Life policies. Violation of any policy by a guest may result in disciplinary action being taken against both the host and guest.
- Guests must be specifically invited by a resident in order to be permitted into the residential facility.
- Guests must enter and exit the building through the front doors.
- Residents should never agree to escort a person they do not know personally. This includes opening the door to allow unknown visitors to enter a residential facility. Guests who reside in the same residence hall are not required to be escorted.
- Guests must be escorted by your host at all times when walking throughout the residential facility.
- Guests left unattended or found to be unescorted may be documented and escorted out of the building. In addition to this, their hosts may be documented for leaving guests unattended.
- Students are permitted to have visitors in their rooms only if there is no objection from their roommate(s). In case of a disagreement between roommates, the person without the guest will retain priority.
- Guests can be asked to leave if they are causing a disturbance or if a roommate does not wish them to be there. University staff will make this decision.
- Violating a roommate's right of entry into their room or hindering a roommate's ability to study and/or sleep within their room because of a guest's continual presence, is considered a violation of this rule.
- Guests may not stay in unoccupied beds in a room without the consent of the resident whose bed is to be used.
- Must be registered online via the Overnight Guest Registration form at bloomu.edu/overnight-guest-registration

Please note, there will be additional visitation restrictions for non-Commonwealth University - Bloomsburg students during Block Party weekend.
