3. All payments are automatically withdrawn from the payment method on the due dates. Payment notices are sent electronically to the student BU email address. A second email address may be added in the Personal Profile section of the payment system home page.
  - By enrolling in the payment plan you consent to the automatic withdrawal of payments.
  - Payment plans that are current (paid up-to-date) at the time late fees and holds are assessed for the semester will not be assessed a late fee. All student accounts, including those enrolled in the payment plan will be assessed a Past Due Balance-No Transcript hold until the balance is paid in full. This hold does not interfere with class registration.
  - You are responsible for making sure that the payment method remains valid for the duration of the payment plan as payments will be automatically deducted/charged.
  - When paying with a credit/debit card, you will be assessed a 2.85% convenience fee by the credit/debit card processor for each transaction. There is no fee assessed for payment by electronic check.
4. Payment plans will be recalculated daily to reflect recent activity, i.e. credits added or dropped, financial aid awarded or returned. Installment amounts may increase or decrease based upon the recalculation. **Students will be notified via email to their BU email address of any changes to the payment amount within 14 days of the next payment due date.**
5. There is a \$25 late payment fee assessed for late payments that are 3 days past due and a \$30 NSF fee for returned payments.
6. Payments are posted to the student account in real-time. The student will continue to receive email notification of any regular invoices that are generated on their **MyHusky** account. These statements are provided to the student for verification purposes.
7. When calculating the amount of the contract for your MyHusky plan, any pending loans, grants or other financial aid for which the student is eligible will be considered when the financial aid has been posted to the student account. Payment plan agreements on MyHusky will automatically

adjust as changes are made to the semester class schedule (add/drops) or payments/financial aid are applied. Any changes may result in an increase or decrease in the total amount due for each installment.

8. If you no longer want or need the payment plan, your contract can be cancelled at any time by contacting the Student Billing Office. All cancellations should be completed before the next installment due date.
9. Tuition and fees for the 2022-2023 Academic Year are as follows: \$5,491/semester for in state students and \$11,403/semester for out of state students. Housing and meal plan options are not included in these estimates. Meal plan rates can be found on the Meal Plans & Flex page and Housing rates can be found on the Housing Rates & Fees page. The terms of the agreement have been fulfilled, the student should check their MyHusky account to verify that the balance has been satisfied. You should periodically review your agreement balance online.
10. ***All notifications from the MyHusky payment plan are sent to the BU email address of the student. Students will need to monitor their BU email address for any notifications/changes/updates.***

Availability of the payment plan is determined by Bloomsburg University. The university may elect not to have the payment plan available during specific times and dates during registration.

***\*\*Repeated default on payment plans will result in the payment plan no longer being an eligible payment option and we will prohibit your access to the plan.\*\****
