# EXECUTIVE SUMMARY

Mansfield University graduates pursue a wide range of career paths and continuing education programs. The Career Center captures these outcomes of our graduates in order to share them with the Mansfield community, prospective students, and their families. Showcasing the accomplishments of our graduates helps to illustrate the many possibilities open to Mansfield University students.

This data provides a snapshot of Mansfield University associate and bachelor degree graduates 3-9 months after graduation. In accordance with the National Association of Colleges & Employers 'Standards and Protocols for First Destination Surveys', the Career Center utilized a three-phase methodology to ascertain the employment and continuing education outcomes of the graduating class of 2017.

## ***The three-part methodology:***

1. Online survey sent to the last known email address of graduates. (469 surveys distributed with a 29% survey response rate)
2. Phone call from the Career Center to graduates who did not complete the online survey to either verbally administer the survey or to direct graduates to the online survey.
3. Online research and faculty outreach conducted by the Career Center to locate employment and continuing education outcomes of graduates. Information was collected via free, publically accessible means such as employers, faculty members, LinkedIn, and social media profiles. (additional information resulted in an overall knowledge rate of 69%)

# DEFINITIONS TO KNOW

**Graduating Class:** includes those students who completed associate and bachelor degrees between the periods of July 1 to June 30 each year, a period consistent with degree completion reporting requirements established by the National Center for Education Statistics' Integrated Postsecondary Education Data System (IPEDS) program.

**Career Outcomes Rate:** the accumulated total percentage of graduates who are employed full time, employed part time, continuing education, in active military service, or engaged in a postgraduate volunteer service opportunity.

**Knowledge Rate:** the overall percent of graduates for which the institution has reasonable and verifiable information concerning the graduates' post-graduation career activities. Information was collected either directly from graduates or from other reliable sources, which may include employers, faculty members, LinkedIn, and social media profiles.

**Employed full-time:** a position in which the graduate works for 30 hours or more per week as an entrepreneur, full-time temporary/contract worker, freelancer, or postgraduate intern or fellow.

**Employed part-time:** a position in which the graduate works less than 30 hours per week as an entrepreneur, part-time temporary/contract worker, freelancer, or postgraduate intern or fellow.

**Continuing education:** graduates who have been accepted to and plan to matriculate into a program of further study, including graduate school or other specialized training.

**Service:** graduates who are participating in a volunteer or service program (e.g., Peace Corps, mission work).

**Military:** graduates serving in the U.S. Armed Forces.

**Seeking employment:** graduates who have indicated that they are seeking employment or engaged in the job-search process.

**Not seeking:** graduates who have indicated that they choose not to pursue either employment or continuing education at this time.
