(3 credits) EGGS 360 Principles of GIS I (3 credits) EGGS 495 Senior Seminar (3 credits) Degree Required MATH course (3 credits) INTSTUDY 231 Technical Writing (3 credits) 	<p style="text-align: center;">Spring Semester Senior Year 12-13 credits</p> <ol style="list-style-type: none"> EGGS 302 Land Resources Mgmt. (3 credits) EGGS Degree elective (3 or 4 credits) Course as needed to complete 60 credits at BU and/or to complete Gen Ed requirements(3 credits) Course as needed to complete 60 credits at BU and/or to complete Gen Ed requirements(3 credits)

Notes:

- This schedule assumes the student has taken several acceptable introductory courses in the major during the first two years elsewhere. If one or two required major courses or ancillary courses have not been taken, then this schedule can be adapted accordingly.
- Under the both the old and new general Education system, transfer credits must be given for most general education courses taken in the first two years, if a student is to complete a degree in 60 credits. This may mean graduation exception forms for General Education requirements.
